According to the Law of Vibration, every particle in the universe is in constant movement and constantly carries energy. Herbert Harris.

This book reminded me of Brian Tracy. In life we are all faced with challenges. I WILL. Just as there are sound vibrations, so are there vibrations of thought and feeling.

The Law of Polarity This law states that everything in the Universe has an opposite. We need to exercise action when we receive guidance from within since we are co-creators and have free will, this way we can expand in consciousness, remember more and more our power and constantly evolve.
